Summary of last week's meeting with Judy Thompson

Growing up Judy Thompson, the current president of Club 33, experienced many hardships throughout her life. Although her life was not easy, she continued to have resilience and strongly believed in the power of positive thinking. Her grandfather was a big role model in her life, and she always said to herself "If you think you can, you can." Judy's outlook on life is truly inspiring and motivates others to have faith, take risks, and persevere. We are so happy Judy was able to speak with us!
